

## Vertical Bargun Holder

Parts included in this kit.

### Standard (Countertop) Mounting

1. Secure the base to the holder using the (2) #10 x  $\frac{3}{4}$ " screws provided.

2. Secure the holder to the countertop with (2) wood screws of suitable length provided

### Under-Counter Mounting

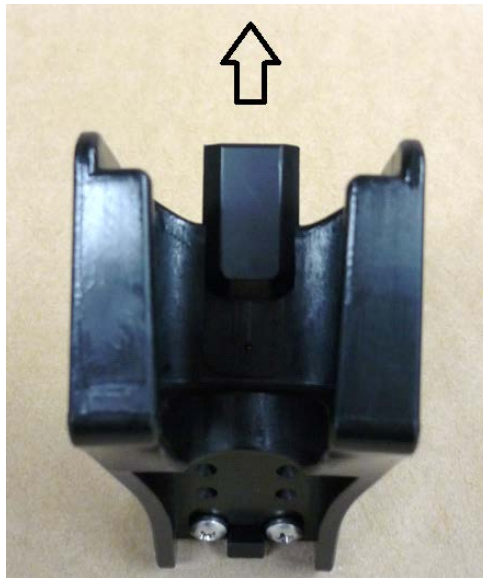

Secure the holder to the underside of the countertop with (2) wood screws of suitable length provided.

## Side Mounting

1. Secure the holder to the side of the countertop with (2) wood screws of suitable length provided.
2. If a different mounting option is needed, use a 3/16" drill bit to drill 2 holes into the guides on the back of the holder.

Note: For larger barguns, remove the spacer by pushing it down and in the direction indicated above.
