The 1900 L and T connectors are designed for dispensing of non-particulated food and non-food products. This screw-on connector has a shut-off to vacuum feature when disconnected for use with auto pump out systems. With the T connector, multiple bags can be connected in parallel to one product line.

The 1900 connector complies with USEFDA and NSF food contact regulations.

Material:	Polypropylene
O-ring Material:	EPDM

Process Applications	
<input checked="" type="checkbox"/> Ambient	<input type="checkbox"/> Hot Fill
<input type="checkbox"/> Aseptic	<input type="checkbox"/> Low Acid
<input checked="" type="checkbox"/> ESL	

Property	Typical Value
Hose Barb Size	0.393 in. / 10 mm
Hose Connection I.D.	3/8 in. / 9.5 mm hose
Thread Connection	1.275 - 4 NC
Spring Material	302 SS
